

# IGNACIO TOWN BOARD MEETING AGENDA Tuesday, February 18, 2020 – 6:30 PM

570 Goddard Avenue — Ignacio Town Hall

- I. CALL REGULAR MEETING TO ORDER: PLEDGE OF ALLEGIANCE
- II. ROLL CALL
- III. PUBLIC COMMENTS: The Town Board values public comment and allows this time for citizens to voice their thoughts and concerns. The Mayor will open the comment period and prior to addressing the Board, state your name and address and limit your comments to five (5) minutes. Meeting decorum will be maintained and failure to maintain composure and respect will result in the closure of your comment period. The Town Board and/or staff may respond to your comments or take your comments under advisement. Please do not comment on items listed on the Agenda as opportunity will be given to comment during these discussions. Thank you.

#### IV. CONSENT AGENDA

- A. Regular Town Board Meeting Minutes of January 21, 2020
- B. Financial Records Check Register for January 2020

#### V. UNFINISHED BUSINESS

A. Resolution 03-2020 – Utility Rate Adjustment

#### VI. NEW BUSINESS

- A. ColoTrust Presentation Brent Turner, Vice President of Investment Advisory Services
- B. Resolution 04-2020 Designating Election Official and Election Judges

#### VII. STAFF REPORTS

- A. Police Department
- B. Public Works
- C. Clerk/Treasurer
- E. Town Manager
- F. Attorney

#### VIII. TRUSTEE REPORTS

- **IX. EXECUTIVE SESSION: C.R.S. 24-6-402-(4)(e)** Determining positions relative to matters that may be subject to negotiations, developing strategy for negotiations and/or instructing negotiators
- X. ADJOURNMENT

## **RESOLUTION NO.** <u>03-2020</u>

# A RESOLUTION OF THE TOWN OF IGNACIO, COLORADO ADJUSTING UTILITY RATES IN THE SEWER ENTERPRISE FOR 2020

WHEREAS, the Town adopted Resolution 02-2020, which set utility rates for the water, sewer, natural gas and irrigation utilities; and

WHEREAS, after further review of sewer utility billing with the adopted rates there is a funding shortage that necessitates a change to the sewer utility rate and the incorporation of a 10% loss factor, which was discussed during previous rate hearings; and

WHEREAS, the Board of Trustees finds it necessary to set sewer rates and charges that are needed to cover the associated operations and maintenance costs and fees charged for sewer treatment by the Southern Ute Utility Department.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE TOWN OF IGNACIO AS FOLLOWS:

- 1. The schedule of rates and charges related to the provision of water, sewer, natural gas and irrigation services by the Town shall be in accordance with the schedule attached hereto as Exhibit A.
- 2. The said rates and charges shall be effective for the March 2020 bill, and shall remain in force until amended by further action of the Board.

ADOPTED THIS 18th DAY OF FEBRUARY, 2020.

	THE TOWN OF IGNACIO, COLOR	ADO
	Stella Cox, Mayor

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE TOWN OF IGNACIO, COLORADO REGARDING THE DESIGNATION OF THE ELECTION OFFICIAL AND REGARDING THE APPOINTMENT OF ELECTION JUDGES FOR THE 2020 REGULAR MUNICIPAL ELECTION.

WHEREAS, the regular election for the Town is on Tuesday, April 7, 2020; and

WHEREAS, the Town Board of Trustees desires to appoint a designated election official to conduct that election.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE TOWN OF IGNACIO, COLORADO AS FOLLOWS:

- 1) Tuggy Dunton, Town Clerk for Ignacio, Colorado, is hereby appointed as the Designated Election Official to conduct the 2020 Regular Municipal Election on Tuesday April 7, 2020, including the authority to undertake all necessary and proper acts prior to, during and after the said election.
- 2) The Town Clerk is also delegated the authority and responsibility under C.R.S. 31-10-401 to appoint election judges for that election.

ADOPTED THIS 18th DAY OF FEBRUARY, 2020.

# Ignacio Police Department

Monthly Report – February 2020

During January, I completed several mandated reports to both the state and the Department of Justice.

We interviewed potential candidates for the open position we have, but none cleared the background/psychological portion. We are back to square one and actively looking one more officer.

During January, officers attended the following training; Alcohol testing certification, arrest control and firearms training.

I attended meetings with; La Plata Youth Services, SW POST Training Board, SW Drug Task Force, Chamber of Commerce and Axis Mental Health Board meeting.

### Town of Ignacio Public Works Department February Staff Report 2-18-20

Town of Ignacio received and completed 9 one call/811 tickets in the month of January.

#### **Gas System**

- PW reports 0 incidents in the month of January.
- Director had flyers/surveys handed out to every resident in Town. This survey was part of a "Public Awareness" program through the Town/State and is required by the State to stay in compliance with our gas system. This survey helps us better understand if the residents are receiving critical information about our gas system, such as who to contact in an emergency, signs of leaking gas, and where most of our gas lines are located in Town. I did receive a lot of good feedback from residents and had a good number of those surveys returned back to me this year.

#### Water System

- PW reports 0 incidents for the month of January.
- PW Director has ordered the first half of the new water meters to be replaced in Town. I am working with Mike Walley from Metron Farnier throughout this project. These new meters will be a combination of sizes to match what is existing in town already. We will receive Altair meters (which are a better low-flow meter) for all of the %" size in Town, and I ordered the Spectrum 30D which is better for flow on the 1" and up meters. I feel that this project is something we can do ourselves to save some money, so I only ordered half of the meters up front to give us time to install the new meters without being overwhelmed during winter and snow plow months.
- PW Director is working with Utility Technical Services on Leak Detection on the water system in Town. I have received a good quote from them and will have them come out within the next month to start. They have a two week wait period from the time of acceptance of the proposal, so we should be able to start within a month.

#### Sewer System

- PW reports 1 incident in the month of January.
- We had a sewer line back-up on the school houses on Becker street. Howard from Master Rooter and PW
  department and School maintenance guys all worked together on this. Everything is running clear and all
  blockages have been removed.

#### Parks & Recreation

Completed monthly inspections of Shoshone & Campbell parks.

#### **Irrigation System & Storm Drains**

• Towns irrigation system has been completely winterized at this point.

#### Streets & ROW

- PW used the street sweeper on 2/6/20 on parts of the Town to clean up some of the sand in the gutters and clean some troubled areas.
- Snow plowing will continue as needed.
- PWD will continue to fill potholes in all of the alleys weather permitting and as needed.

#### PWD Equipment & Maintenance

- Director ordered new blades for the little snow plow.
- Director ordered a new "Salt Dog" sander for our pickup truck. I ordered this little sander to help out with keeping the Town Hall parking lot ice free and to help out with the spots in Town where the big dump trucks have a hard time getting into.

#### Staff & Administration

- Stan Cox attended a DOT training class in Durango on 2/7/20
- All of the PW staff will attend an "excavation safety/pipeline safety" class on 3/19/20 in Durango after work.

# Town Clerk / Treasurer Report

February 2020

Honorable Mayor and Trustees,

This past month has been quite busy! Updating the utility billing rate structure and rates was completed and the bills were mailed out a couple of days later than usual. There have been quite a few calls regarding the rate changes, and I have spent a lot of time explaining the rate structure to people. There may need to be some adjustments to the sewer rate to cover our costs; Mr. Garcia will address this in his staff report and discussion.

#### Licensing:

We have **52** current Dog Licenses; there are 6 licenses from 2019 that have not yet been renewed We have **61** current Business Licenses; there are 10 licenses from 2019 that have not yet been renewed We have **52** current Business Service Licenses

Ocianna has called all the dog owners and business owners that have not yet renewed.

#### Events:

March 12 Joint Meeting with the La Plata Board of County Commissioners at Willows Café at 5:30 PM.

#### Town of Ignacio Online:

Nothing new to report in this area.

#### Record Keeping:

Nothing new to report in this area.

#### Liquor Licensing:

No new license application packets have been received yet.

#### Treasurer:

Attached are the finance reports for the month of January 2019; please let me know if you have any questions.

Thank you,

Tuggy

# **Town Managers Report**

DATE: February 13, 2020

**REPORT PERIOD:** January 17, 2020 – February 13, 2020

This report focuses on items within the Town Board Meeting Agenda and also on work completed during the report period listed above.

#### **TOWN BOARD MEETING AGENDA ITEMS**

### **V. UNFINISHED BUSINESS:**

A. Resolution 03-2020 – This is a resolution setting a new sewer utility rate, which incorporates the 10% Loss Factor. During our previous hearings on rates we discussed a 10% Loss Factor for water and sewer usage rates. The rates approved last month via Resolution 02-2020 established a 10% Loss Factor for water billing but not sewer billing. After further review of the last billing cycle we have identified that the 10% loss factor is needed to cover losses that are included in the SUUD total. This resolution revises the previously approved rates and adds the 10% Loss Factor to the sewer rate. Enclosed in the packet is the spreadsheet which was provided for our public hearings. The actual difference between the SUUD usage number and Town customer usage is approximately 14%. This means the utility is absorbing a usage expense that will cut into the base charge which is associated with O&M. We spent a lot of time reviewing customer usage and there are a number of customers with high usage and correspondingly high bills. We can discuss this during the meeting and determine the best direction for this utility. Please consider approving this resolution.

#### **VI. NEW BUSINESS:**

- A. ColoTrust Presentation ColoTrust provides interest bearing savings accounts for municipalities and we have asked for information on the possible gains the Town could achieve utilizing their services. Dee has been working with Brent Turner and he will be have a presentation and take questions on ColoTrust. Please contact Dee with any questions.
- B. Resolution 04-2020 This resolution is for establishing election duties for the upcoming April municipal election. Please contact Tuggy with any questions.

## **VII.E TOWN MANAGER REPORT**

<u>Staff Work:</u> I have been working with staff independently on multiple items and together we had a staff meeting to discuss various departmental items and generally kick the year off with some discussion on Town matters. We have a great core group of leaders who work well together and those who they supervise. This year should be another great year. I have not completed evaluations and will to work on this now that some other work is complete. I also need to complete a year-end report and will have this at our next meeting.

<u>Rate Work:</u> Tuggy and I have been working diligently on utility rate billing and the implementation of new billing code that is required for our billing software. Tuggy has done a great job on this and put in a lot of time to get all the revisions input and coded properly. We still need to work on this before the next billing cycle and implement changes that are up for discussion during this meeting.

<u>Planning Commission:</u> The Planning Commission continues to work on the Land Use and Development Code (LUDC). A work session was held on January 22<sup>nd</sup> and the February meeting and work session was cancelled due to a lack of a quorum. I hope to have most of the work completed within a couple more work sessions and final LUDC draft ready to forward to the Town Board.

<u>Project/Grant Work</u>: Work on all grants continues including grant administration work. Details are listed below on each specific grant:

- Water Infrastructure Project/ EIAF Grant This project is complete and the 4<sup>th</sup> quarter reimbursement was submitted. We are spending the remaining funds on new water meters and the final reimbursement request will be process once we have this expense finalized.
- Code Update Grant The Planning Commission continues work on the LUDC and details are provided above. This grant has been finalized and the draft code was forwarded as a project deliverable. This project is approximately \$22,000 over budget.
- Entry Signs All three signs are now installed and base rock work remains as well as the lighting. There was a lot work needed with site preparation which the Public Works crew assisted with and did a great job. Work was also needed with property owners and CDOT.
   I think the new signs look great and will look even nicer once the rockwork and lighting is complete.

<u>Planning/Building</u>: Work continues with customers on building and planning issues/questions and with the planning commission. Our contract planner is working on a few items and I will be adding some work to his list including the addressing on Romero/CR 320. Work is still needed on the adoption of the 2015 Building Code and two (2) grants that are for the Broadband Planning Grant and the Rock Creek Development Planning Grant.

<u>Raw Water Irrigation Easement and Policy</u>: We will discuss some responses to the letter from the Tribal attorney during our executive session.

<u>Jurisdiction Agreement</u>: We will discuss some responses to the draft JA from the Tribal attorney during our executive session.

<u>Becker/Goddard Crosswalks:</u> We completed our scoping meeting with CDOT on January 22<sup>nd</sup> and work has been ramped up since that meeting. A scoping letter which is a follow up from that meeting is in your packet. The survey work is now complete and design will begin using all the survey info and design criteria stipulated by CDOT. This project will be my primary focus for the next couple of months. We should have a draft IGA soon and we will review and approve this along with participation from the school district. Ideally we will have approval to bid this

project in early summer and construct the project in the fall. Please contact me with any questions.

<u>Municipal Election</u> – We will have an April election for three (3) Trustee seats. Petitions have been returned and verified for five (5) candidates who are: Edward Box III, Alison deKay, Sandra Maez, Chris May and Mandy Brown. I will be working with Tuggy when needed.

<u>MEETINGS ATTENDED</u> – I have had meetings with the school superintendent, SEH, CDOT, SWCCOG, Planning Commission, and several of you have stopped in to discuss a variety of subjects.

Please contact me with any questions on the above material or if in need of anything. Thanks!

Traffic & Safety 3803 N. Main Avenue, Suite 100 Durango, CO 81301

February 11, 2020

Project #: C M670-001 Subaccount #: 23502 IGNACIO SIGNAL SH172/BECKER ST

# VIA EMAIL

Mark Garcia Town Manager (Interim) PO Box 459 Town of Ignacio Ignacio, CO 81137 mgarcia@townofignacio.com

RE: Scoping and Clearance Letter for the Ignacio Signal SH172 Becker St. project.

#### Dear Mr Garcia:

Below is a description of the clearance requirements necessary for the proposed Ignacio Signal SH172 Becker St. project based upon the scoping meeting held on Wednesday January 22, 2020 (and some follow up by CDOT Environmental and Utilities personnel). Scoping meeting attendees were:

Robert Shanks – CDOT Region 5 Off-Systems Engineer Ralph Campano – CDOT Region 5 ROW
Brian Spain – CDOT Region 5 ROW
David Seiler – CDOT Region 5 Survey
Mark Garcia – Town of Ignacio
Rocco Fuschetto – Ignacio School District
Chris Howlett – Town of Ignacio
Justin Bonnel – SEH, Inc.
Jeremy Thomson – SEH, Inc.
Darren Stewart – SEH, Inc.
Doug Little - Ignacio High School

All clearance work shall be conducted by qualified personnel.

#### 1. Project Scope and Funding:

The Town of Ignacio (the Town) has been awarded CDOT funding as follows:

CDOT Signal funds (state only, no federal)	\$245,250.00
CDOT Hotspot funds (state only, no federal)	\$254,750.00
Total CDOT Project Contribution	\$500,000.00
Local Match (0%)	\$0

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 2 of 7

It is understood that the total listed above will be applied towards construction only and that the design of the project phase (following the CDOT project development process) will be funded entirely by the Town. The project will be located at the intersection of State Highway 172 and Becker St in the Town of Ignacio (approximately M.P. 9.2 on SH 172).

The project scope includes the installation of traffic signals, pedestrian signals, curb and gutter, crosswalks, signage, striping and ADA/PROWAG compliant curb ramps connecting to existing sidewalks. An existing curb inlet on the NW corner of the intersection will most likely need to be replaced and relocated to accommodate a "bump-out" and curb ramps. Due to a conflict, existing overhead power lines that provide service to a single building will need to be eliminated or relocated prior to signal pole installation. It will be necessary to eliminate the southbound right turn lane off of SH 172 to accommodate the improvements (to be coordinated with CDOT Traffic).

Preliminary survey work will establish existing right of way and whether the scope of work can be accomplished without the need to acquire additional right of way.

The project will be designed and constructed to meet ADA, PROWAG, AASHTO and MUTCD requirements, as well as any other applicable design standards, including CDOT design and construction standards and policies.

Changes to the scope of work may affect the clearance requirements. Please alert us as soon as possible to allow for the assessment and authorization of any changes in the character of the work.

For additional information on the project development process the CDOT Local Agency Manual can be found at the following link:

http://www.coloradodot.info/business/designsupport/bulletins manuals/2006-local-agency-manual

### 2. Environmental Clearance Requirements:

All resource clearance reports shall be submitted to Robert Shanks (please also copy Matt Muraro at matt.muraro@state.co.us). Reports should not be submitted directly to the resource agencies (i.e. State Historic Preservation Office (SHPO), US Fish & Wildlife Service), except for the Wetland Determination which requires the US Army Corps of Engineers verification of boundaries and jurisdictional status to accompany the report.

Early coordination with the CDOT Region 5 Environmental Specialist Matt Muraro, (970-385-1433) is strongly encouraged to assure that appropriate issues are addressed within the environmental reports. The environmental clearance reports listed in Section B, Clearance Actions, on the Form 128 must be completed and approved by CDOT prior to the acquisition of ROW. The reports should be completed in advance of the FIR level plan review whenever possible to allow incorporation of clearance conditions into the plans.

Prior to construction, environmental permits listed in Section C on the Form 128 must be obtained and additional environmental obligations need to be included in the plans and specifications. This must be

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 3 of 7

completed prior to CDOT's approval for advertisement of the project. Permit applications are typically submitted after the FOR level where plans are sufficiently developed to define impacts without major revisions.

# **Environmental Clearances**

Hazardous Waste –A Modified Environmental Site Assessment (MESA) (i.e. Phase I Environmental Site Assessment) is required for this project based on the need for subsurface excavation and the nearby presence of commercial facilities (e.g. gas station and businesses). The report shall be prepared in accordance with the current ASTM/All Appropriate Inquiry (AAI) standards for Environmental Site Assessments but shall be modified to address worker safety, protection of water quality, potential presence of asbestos containing materials, heavy metal-based paint and final disposition containing hazardous materials. Guidelines for preparing the assessment can be viewed on CDOT's web page at: <a href="https://www.codot.gov/programs/environmental/hazardous-materials">https://www.codot.gov/programs/environmental/hazardous-materials</a>. The Hazardous Materials Guidance Manual, Appendix G has the required template for MESA reports. The potential presence of recognized environmental conditions may require the preparation of Standard Specifications (Section 250 Environmental Health and Safety Management) to direct the contractor's work including pay items for monitoring and waste disposal. A Demolition Permit from the CDPHE Air Quality Unit will be required for the removal of any structures.

Threatened, Endangered, and Sensitive (TES) Species Report - The proposed project area should be assessed for *federal* and *state* listed Threatened, Endangered, Candidate, Proposed, and Special Concern species, including plants and fish species. CDOT requires a determination of effects and, where necessary, mitigation/conservation measures to avoid adverse effects on TES species. A "may affect" determination requires concurrence from the US Fish and Wildlife Service whereas a "no effect" determination can be cleared by CDOT Specialists. The report should provide a list of species considered and the basis for affects determination including measures included in the project plans (e.g. seasonal restrictions, pre-construction surveys, and/or avoidance measures where appropriate) to reduce impacts to a "no effect" determination. Development of a potential species list should be conducted through informal consultation with the US Fish and Wildlife Service. Guidelines for preparing the assessment can be viewed on CDOT's web page at:

#### http://www.coloradodot.info/programs/environmental/wildlife

For this project, construction restrictions may apply for Bald Eagles (roosting season from November 15 to March 15) under The Bald and Golden Eagle Protection Act. Compliance with the Migratory Bird Treaty Act (MBTA) shall also be addressed in the report. Removal of active nests is not permitted under MBTA and based on the likelihood of bird nests in the project area seasonal restrictions may be required. Nests may be removed outside the nesting season (April 1 through August 31) and hazing or netting may be required to restrict further nesting during active construction. Alternately, the construction can be conducted outside the nesting seasons. In addition, special protection should be given to raptors under MBTA according to CDOW buffer guidelines.

Cultural Resources (History) – The proposed project area should be evaluated for historic resources that could be impacted during construction. Cultural resources should be evaluated for their eligibility

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 4 of 7

on the National Register of Historic Places (NRHP) and whether the project directly or indirectly impacts the historic significance of these features.

If required, the consultant shall also prepare a draft cover letter to SHPO which outlines the eligibility and effects for CDOT to submit to the SHPO. If resources are determined to be eligible, the consultant will be required to work with the State Historic Preservation Office to determine the project's effects, then review alternatives. The consultant will also be required to consult with local historic groups and undergo public comment. Replacement of an eligible historic structure will require the 4(f) process for historic properties and a Nationwide Programmatic Evaluation. It is highly recommended that the consultant contact the CDOT Historian early in the eligibility process to discuss the required documentation and Area of Potential Effects (APE).

Guidelines for preparing the assessment can be viewed on CDOT's web page located at:

http://www.coloradodot.info/programs/environmental/archaeology-and-history

Ms. Lisa Schoch, CDOT's Staff Historian (lisa.schoch@state.co.us, 303 512-4258), should be contacted for the appropriate forms. Architectural Inventory Forms are also available on the OAHP web site at:

http://www.coloradohistory-oahp.org/crforms/crformsindex.htm

#### Permits and Additional Requirements:

Stormwater Permit (NPDES) — Coverage under the Construction General Permit for Stormwater Discharges is required if the anticipated disturbance area is greater than 0.5 acre. The Permit requires preparation of a Stormwater Management Plan (SWMP), implementation of best management practices throughout construction, regular inspections until reclamation of the disturbance is complete, and final permit inactivation.

**Dewatering/Discharge Permit** – Pumping of groundwater or surface water may require a Construction Dewatering or Minimal Discharge Permit from CDPHE. This may be the Contractor's responsibility if specific methods are not specified in the Project Plans.

**Demolition Permit** - A demolition permit must be obtained from the CDPHE Asbestos Compliance Group for the demolition of a structure or structural component. A structural component is defined by the CDPHE as the removal of any load supporting member of a facility. The area of the building or bridge to be demolished must be inspected for asbestos by a Colorado-certified asbestos inspector. Asbestos removal (if necessary) may have to be performed by a Colorado-certified General Abatement Contractor (GAC). Removal, in accordance with Regulation No. 8, Part B, is required if the amount of asbestos-containing material that is friable or will become friable during demolition exceeds the trigger levels. A Demolition Notification Application Form must be submitted to the CDPHE, even if no asbestos was found during the inspection, along with payment of a notification fee and a ten (10) working-day notification period that is required before the demolition can commence.

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 5 of 7

4(f) - 4(f) impacts will be assessed and coordinated by CDOT Staff. In the unlikely event this clearance is necessary, CDOT will request that the Town, or the appropriate jurisdictional authority, issue a letter regarding the impacts.

# 1. Hydraulic Clearance Requirements:

Hydraulic clearance will not be required for this project but the design must provide for proper drainage. The CDOT Hydraulic Engineer will be part of the plan review process and will provide comments, as needed, to assist in this process.

Please contact Brian Campbell at 970-385-1445 for specific hydraulics questions.

# 2. ROW Requirements:

Proof of Town of Ignacio or CDOT ownership of the existing right-of-way (ROW) should be provided to CDOT by a Professional Land Surveyor (PLS). Even if the acquisition of Right of Way will not be required for this project:

- a) Temporary Easements (TEs) may be required to perform work on the project. If deemed necessary, TE exhibits will need to be prepared, and submitted, for review pursuant to CDOT LPA ROW Plan Requirements. The submittal will include copies of vesting deeds for all of the properties impacted by proposed Temporary Easements.
- b) The Town of Ignacio shall submit a set of plans showing the extent of construction and the limits of the public ROW. The level of survey detail contained in these plans shall be sufficient to demonstrate that the limits of the public ROW have been retraced according to the Standards and Care of Professional Land Surveyors practicing in the State of Colorado and shall be stamped the Professional Land Surveyor and that those limits of public ROW can be identified on the ground. Please refer to Chapter 2 of the CDOT ROW Manual.
- c) Should an acquisition other that a TE be required to complete this project, i.e., ROW or Permanent Easement, title work, commitments, for each parcel impacted should be ordered and research performed as soon as possible to determine the nature of property ownership in the vicinity of the project; and this information should be shared with the project surveyor.

Please have the project surveyor contact David Seiler, CDOT PLS-II at (970) 385-1427 to discuss plan requirements.

It appears that property rights may be required from a variety of stake-holders including:

#### 1. Private Property owners;

Should it be determined that the acquisition of additional street Right-of-Way (ROW), or of Permanent Easements (PE), is required title work should be performed as soon as possible to determine the nature

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 6 of 7

of property ownership in the vicinity of the required project acquisitions; and this information should be shared with the project surveyor.

Prior to ROW Clearance, the Town will, also, be required to submit a written right of way (ROW) certification on the status of the right of way with a request for CDOT right of way clearance to Ralph Campano, the Region 5 Right of Way Manager (970.385.1434) per Chapter 8, Section 12 of the CDOT ROW Manual (See 2006 Local Agency Manual Appendix B for examples). This Certification and subsequent CDOT ROW Clearance is necessary before authorization to advertise for construction.

All right of way acquired for this project must be acquired in compliance with CDOT procedures (as stated in CDOT's Right of Way and Local Public Agency Manuals), state statutes and federal regulations (the Uniform Act). If the final alignment of the facility is determined to require any ROW, please contact this office immediately to discuss specific right of way acquisition requirements, as further information will be needed. With prior CDOT approval, the acquisition of ROW may be done in the form of donations from property owners. All ROW acquisitions must be negotiated by right of way professionals or consultants that have been pre-approved by CDOT. <u>Do not initiate any property owner contacts regarding ROW without CDOT's consent.</u>

# 3. Utility Clearance Requirements:

All Utilities must be identified in the area of the project and any known utility conflicts or construction restrictions shall be satisfactorily resolved before advertisement for construction. Subsurface utility engineering plans (SUE) are required for all construction contacts with public entities involving horizontal construction having an excavation footprint exceeding 2' in depth and 1,000 square feet of disturbance or, involving a utility boring, and the project requires the design services of a licensed professional engineer (C.R.S. 9-1.5-102(6.8)). The quality level (QL) of the utility designation in the SUE plans is dependent on the type of work being performed by the project (e.g. QL A highest accuracy – QL D lowest accuracy) and should be carefully considered by the design engineer when scoping the project as minimum quality levels are required based upon the type of project work involved absent a reasonable explanation by the professional engineer in responsible charge of the design work (C.R.S. 9-1.5-103). For additional information pertaining to SUE plans, the American Society of Civil Engineers (ASCE) has developed a National Consensus Standard titled ASCE CI 38-02, Standard Guidelines for the Collection and Depiction of Existing Subsurface Utility Data. The intent of this Standard and the Colorado Statutes is to present a system of classifying the quality level of existing subsurface utility data for the purpose of allowing the project owner, engineer and contractor to develop strategies to reduce and allocate risk, thereby reducing construction costs, damages and delays to projects.

The project owner will be required to coordinate the design with all utilities in the area. Utility companies should be kept apprised of the project and should be given the opportunity to comment on the plans. It is recommended that utility owners, especially those impacted by the project, attend design reviews and be given an opportunity to comment on the proposed improvements and scheduling. In order to be cleared to advertise, the project owner may be required to submit SUE plans as part of the work. A utility project special provision explaining the status of utility relocations required for the project, as well as how the relocation work will be paid for (e.g. at project expense or at no cost to the project) is required. Please contact Kevin Walters, Region 5 Utilities Engineer, kevin.walters@state.co.us, (970) 385-1407 for additional information or questions concerning SUE plans, utilities and relocation work.

Ignacio Signal SH172/Becker St., C M670-001, SA 23502 Scoping and Clearance Letter Page 7 of 7

Following distribution of this letter I will submit a request to CDOT Contracts to draft an Inter Government Agreement (IGA) between CDOT and the Town of Ignacio. Note that the IGA will be the non-funds encumbering type which will be modified via option letter to encumber the construction funds once the plans and specifications have been authorized by CDOT.

Please contact me at 970-385-1416 if you have any questions regarding these requirements. We look forward to your submittals and to working on a successful project with you.

Robert Shanks

Sincerely.

CDOT Region 5 Off-Systems Engineer
