 - 1. All allowable costs charged to the project, including any approved services contributed by the Local Agency or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in detail the nature of the charges.
 - 2. Any check or order drawn up by the Local Agency, including any item which is or will be chargeable against the project account shall be drawn up only in accordance with a properly signed voucher then on file in the office of the Local Agency, which will detail the purpose for which said check or order is drawn. All checks, payrolls, invoices, contracts, vouchers, orders or other accounting documents shall be clearly identified, readily accessible, and to the extent feasible, kept separate and apart from all other such documents.
- D. If the Local Agency is to be billed for CDOT incurred costs, the billing procedure shall be as follows:
 - 1. Upon receipt of each bill from the State, the Local Agency will remit to the State the amount billed no later than 60 days after receipt of each bill. Interim funds, until the State is reimbursed, shall be payable from the State Highway Supplementary Fund (400).

2. If the Local Agency fails to make timely payment to the State as required by this section (within 60 days after the date of each bill), the Local Agency shall pay interest to the State at a rate of one percent per month on the amount of the payment which was not made in a timely manner, until the billing is paid in full. The interest shall accrue for the period from the required payment date to the date on which payment is made.
- E. The Local Agency will prepare and submit to the State, no more than monthly, charges for costs incurred relative to the project. The Local Agency's invoices shall include a description of the amounts of services performed, the dates of performance and the amounts and description of reimbursable expenses. The invoices will be prepared in accordance with the State's standard policies, procedures and standardized billing format to be supplied by the State.
- F. To be eligible for payment, billings must be received within 60 days after the period for which payment is being requested and final billings on this contract must be received by the State within 60 days after the end of the contract term.
 1. Payments pursuant to this contract shall be made as earned, in whole or in part, from available funds, encumbered for the purchase of the described services. The liability of the State, at any time, for such payments shall be limited to the amount remaining of such encumbered funds.
 2. In the event this contract is terminated, final payment to the Local Agency may be withheld at the discretion of the State until completion of final audit.
 3. Incorrect payments to the Local Agency due to omission, error, fraud or defalcation shall be recovered from the Local Agency by deduction from subsequent payment under this contract or other contracts between the State and Local Agency, or by the State as a debt due to the State.
 4. Any costs incurred by the Local Agency that are not allowable under 49 C.F.R. 18 shall be reimbursed by the Local Agency, or offset against current obligations due by the State to the Local Agency, at the State's election.

Section 6. Option Letter Modification

An option letter may be used to authorize the Local Agency to begin a phase without increasing total budgeted funds, increase or decrease the encumbrance amount as shown on **Exhibit C**, and/or transfer funds from one phase to another. Option letter modification is limited to the specific scenarios listed below. The option letter shall not be deemed valid until signed by the State Controller or an authorized delegate.

- A. Option to begin a phase and/or increase or decrease the encumbrance amount
The State may authorize the Local Agency to begin a phase that may include Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous (this does not apply to Acquisition/Relocation or Railroads) as detailed in **Exhibit A** and at the same terms and conditions stated in the original Agreement, with the total budgeted funds as shown on **Exhibit C** remaining the same. The State may increase or decrease the encumbrance amount for a particular phase by replacing the original funding exhibit (**Exhibit C**) in the original Agreement with an updated **Exhibit C-1** (subsequent exhibits to Exhibit C-1 shall be labeled C-2, C-3, etc). The State may exercise this option by providing a fully executed option to the Local Agency within thirty (30) days before the initial targeted start date of the phase, in a form substantially equivalent to **Exhibit D**. If the State exercises this option, the Agreement will be considered to include this option provision.
- B. Option to transfer funds from one phase to another phase
The State may permit the Local Agency to transfer funds from one phase (Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous) to another as a result of changes to state, federal, and local match. The original funding exhibit (**Exhibit C**) in the original Agreement will be replaced with an updated **Exhibit C-1** (subsequent exhibits to **Exhibit C-1** shall be labeled **C-2**, **C-3**, etc.) and attached to the option letter. The funds transferred from one phase to another are subject to the same terms and conditions stated in the original Agreement with the total budgeted funds remaining the same. The State may unilaterally exercise this option by providing a fully executed option to the Local Agency within thirty (30) days before the initial targeted start date of the phase, in a form substantially equivalent to **Exhibit D**.
- C. Option to do both Options A and B
The State may authorize the Local Agency to begin a phase as detailed in **Exhibit A**, and encumber and transfer funds from one phase to another. The original funding exhibit (**Exhibit C**) in the original Agreement will be replaced with an updated **Exhibit C-1** (subsequent exhibits to **Exhibit C-1** shall be labeled **C-2**, **C-3**, etc.) and attached to the option letter. The addition of a phase and encumbrance and transfer of funds are subject to the

same terms and conditions stated in the original Agreement with the total budgeted funds remaining the same. The State may unilaterally exercise this option by providing a fully executed option to the Local Agency within thirty (30) days before the initial targeted start date of the phase, in a form substantially equivalent to **Exhibit D**.

If the Local Agency does enter into a contract with a consultant for the Work:

B. Construction [if applicable]

1. If the Work includes construction, the responsible party shall perform the construction in accordance with the approved design plans and/or administer the construction all in accord with the The Scope of Work in **Exhibit A**. Such administration shall include project inspection and testing; approving sources of materials; performing required plant and shop inspections; documentation of contract payments, testing and inspection activities; preparing and approving pay estimates; preparing, approving and securing the funding for contract modification orders and minor contract revisions; processing contractor claims; construction supervision; and meeting the Quality Control requirements as described in the The Scope of Work in **Exhibit A**.

3. If the Local Agency is the responsible party:
 - a. it shall appoint a qualified professional engineer, licensed in the State of Colorado, as the Local Agency Project Engineer (LAPE), to perform that administration. The LAPE shall administer the project in accordance with this contract, the requirements of the construction contract and applicable State procedures.

 - (1) The Local Agency has the option to accept or reject the proposal of the apparent low bidder for work on which competitive bids have been received. The Local Agency must declare the acceptance or rejection within 3 working days after said bids are publicly opened.
 - (2) By indicating its concurrence in such award, the Local Agency, acting by or through its duly authorized representatives, agrees to provide additional funds, subject to their availability and appropriation for that purpose, if required to complete the Work under this project if no additional federal-aid funds will be made available for the project. This paragraph also applies to projects advertised and awarded by the State.
 - c. If all or part of the construction work is to be accomplished by Local Agency personnel (i.e. by force account), rather than by a competitive bidding process, the Local Agency will ensure that all such force account work is accomplished in accordance with the pertinent State specifications and requirements with 23 CFR 635, Subpart B, Force Account Construction.
 - (1) Such work will normally be based upon estimated quantities and firm unit prices agreed to between the Local Agency and the Stat in advance of the Work, as provided for in 23 CFR 635.204(c). Such agreed unit prices shall constitute a commitment as to the value of the Work to be performed.
 - (2) An alternative to the above is that the Local Agency may agree to participate in the Work based on actual costs of labor, equipment rental, materials supplies and supervision necessary to complete the Work. Where actual costs are used, eligibility of cost items shall be evaluated for compliance with 48 CFR Part 31.
 - (3) Rental rates for publicly owned equipment will be determined in accordance with the State's Standard Specifications for Road and Bridge Construction § 109.04.
 - (4) All force account work shall have prior approval of the State and shall not be initiated until the State has issued a written notice to proceed.

C. State's obligations

2. Notwithstanding any consents or approvals given by the State for the Plans, the State will not be liable or responsible in any manner for the structural design, details or construction of any major structures that are designed by or are the responsibility of the Local Agency as identified in the The Scope of Work in **Exhibit A**, within the Work of this contract.

Prior to this Project being advertised for bids, the Responsible Party will certify in writing to the State that all such clearances have been obtained.

Section 10. Railroads

In the event the Project involves modification of a railroad company's facilities whereby the Work is to be accomplished by railroad company forces, the Responsible Party shall make timely application to the Public Utilities Commission requesting its order providing for the installation of the proposed improvements and not proceed with that part of the Work without compliance. The Responsible Party shall also establish contact with the railroad company involved for the purpose of complying with applicable provisions of 23 CFR 646, subpart B, concerning federal-aid projects involving railroad facilities, including:

for such maintenance obligations each year. Such maintenance and operations shall be conducted in accordance with all applicable statutes, ordinances and regulations which define the Local Agency's obligations to maintain such improvements. The State will make periodic inspections of the project to verify that such improvements are being adequately maintained.

Section 13. Record Keeping

The Local Agency shall maintain a complete file of all records, documents, communications, and other written materials, which pertain to the costs incurred under this contract. The Local Agency shall maintain such records for a period of three (3) years after the date of termination of this contract or final payment hereunder, whichever is later, or for such further period as may be necessary to resolve any matters which may be pending. The Local Agency shall make such materials available for inspection at all reasonable times and shall permit duly authorized agents and employees of the State to inspect the project and to inspect, review and audit the project records.

Section 14. Termination Provisions

This contract may be terminated as follows:

- A. Termination for Convenience. The State may terminate this contract at any time the State determines that the purposes of the distribution of moneys under the contract would no longer be served by completion of the project. The State shall effect such termination by giving written notice of termination to the Local Agency and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination.
- B. Termination for Cause. If, through any cause, the Local Agency shall fail to fulfill, in a timely and proper manner, its obligations under this contract, or if the Local Agency shall violate any of the covenants, agreements, or stipulations of this contract, the State shall thereupon have the right to terminate this contract for cause by giving written notice to the Local Agency of its intent to terminate and at least ten (10) days opportunity to cure the default or show cause why termination is otherwise not appropriate. In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Local Agency under this contract shall, at the option of the State, become its property, and the Local Agency shall be entitled to receive just and equitable compensation for any services and supplies delivered and accepted. The Local Agency shall be obligated to return any payments advanced under the provisions of this contract.
Notwithstanding the above, the Local Agency shall not be relieved of liability to the State for any damages sustained by the State by virtue of any breach of the contract by the Local Agency, and the State may withhold payment to the Local Agency for the purposes of mitigating its damages until such time as the exact amount of damages due to the State from the Local Agency is determined.
If after such termination it is determined, for any reason, that the Local Agency was not in default or that the Local Agency's action/inaction was excusable, such termination shall be treated as a termination for convenience, and the rights and obligations of the parties shall be the same as if the contract had been terminated for convenience, as described herein.
- C. Termination Due to Loss of Funding. The parties hereto expressly recognize that the Local Agency is to be paid, reimbursed, or otherwise compensated with federal and/or State funds which are available to the State for the purposes of contracting for the Project provided for herein, and therefore, the Local Agency expressly understands and agrees that all its rights, demands and claims to compensation arising under this contract are contingent upon availability of such funds to the State. In the event that such funds or any part thereof are not available to the State, the State may immediately terminate or amend this contract.

Section 15. Legal Authority

The Local Agency warrants that it possesses the legal authority to enter into this contract and that it has taken all actions required by its procedures, by-laws, and/or applicable law to exercise that authority, and to lawfully authorize its undersigned signatory to execute this contract and to bind the Local Agency to its terms. Section 21. Waiver

The waiver of any breach of a term, provision, or requirement of this contract shall not be construed or deemed as a waiver of any subsequent breach of such term, provision, or requirement, or of any other term, provision or requirement.

Section 22. Entire Understanding

contract on the effective date of such change as if fully set forth herein. Except as provided above, no modification of this contract shall be effective unless agreed to in writing by both parties in an amendment to this contract that is properly executed and approved in accordance with applicable law.

Section 25. Disputes

Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement will be decided by the Chief Engineer of the Department of Transportation. The decision of the Chief Engineer will be final and conclusive unless, within 30 calendar days after the date of receipt of a copy of such written decision, the Local Agency mails or otherwise furnishes to the State a written appeal addressed to the Executive Director of the Department of Transportation. In connection with any appeal proceeding under this clause, the Local Agency shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Local Agency shall proceed diligently with the performance of the contract in accordance with the Chief Engineer's decision. The decision of the Executive Director or his duly authorized representative for the determination of such appeals will be final and conclusive and serve as final agency action. This dispute clause does not preclude consideration of questions of law in connection with decisions provided for herein. Nothing in this contract, however, shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

Section 26. Statewide Contract Management System

Collection of information relevant to the performance of Contractor's obligations under this Contract shall be determined by the specific requirements of such obligations and shall include factors tailored to match the requirements of Contractor's obligations. Such performance information shall be entered into the statewide Contract Management System at intervals established herein and a final Evaluation, Review and Rating shall be rendered within 30 days of the end of the Contract term. Contractor shall be notified following each performance Evaluation and Review, and shall address or correct any identified problem in a timely manner and maintain work progress.

Should the final performance Evaluation and Review determine that Contractor demonstrated a gross failure to meet the performance measures established hereunder, the Executive Director of the Colorado Department of Personnel and Administration (Executive Director), upon request by the Department of Transportation and showing of good cause, may debar Contractor and prohibit Contractor from bidding on future contracts. Contractor may contest the final Evaluation, Review and Rating by: (a) filing rebuttal statements, which may result in either removal or correction of the evaluation (CRS §24-105-102(6)), or (b) under CRS §24-105-102(6), exercising the debarment protest and appeal rights provided in CRS §§24-109-106, 107, 201 or 202, which may result in the reversal of the debarment and reinstatement of Contractor, by the Executive Director, upon showing of good cause.

EXHIBIT A – SCOPE OF WORK

This CDOT / Town of Ignacio, Local Agency Project is located at the intersection of State Highway 172 and Becker St in the Town of Ignacio (approximately M.P. 9.2 on SH 172) and includes the installation of traffic signals, pedestrian signals, curb and gutter, crosswalks, signage, striping and ADA/PROWAG compliant curb ramps connecting to existing sidewalks. An existing curb inlet on the NW corner of the intersection will likely need to be replaced and relocated to accommodate a “bump-out” and curb ramps. Due to a conflict, existing overhead power lines that provide service to a single building will need to be eliminated or relocated prior to signal pole installation. It will be necessary to eliminate the southbound right turn lane off of SH 172 to accommodate the improvements (to be coordinated with CDOT Traffic).

Preliminary survey work will establish existing right of way and whether the scope of work can be accomplished without the need to acquire additional right of way.

The project will be designed and constructed to meet ADA, PROWAG, AASHTO and MUTCD requirements, as well as any other applicable design standards, including CDOT design and construction standards and policies.

Design will be paid for by the Town of Ignacio.

There is \$28,000 in CDOT ADA Ramp Funding in this project that can only be used for the construction of ADA compliant curb ramps. Lump sum pay items associated with construction of the curb ramps such as mobilization, construction surveying, etc. can be assigned towards the cost of curb ramps proportionately as can traffic control items. The Town will be reimbursed for work associated with construction of the curb ramps on SH 172 on the condition that the work is in accordance with this agreement and in particular that the constructed curb ramps comply with CDOT Procedural Directive PD 605.1, which is incorporated herein by this reference. Any unspent ADA Ramp funds that were assigned to this project shall be returned to the CDOT Region 5 ADA Ramp funding pool.
